

Procedure for the Addition or Redesign of Signage

- 1) Read the PUD guidelines for signage. There is a copy on this webpage.
- 2) Get approval from your building through your building's management company. If you are not sure who that is, there is a list on the POA Resources webpage. Click on your building name.
- 3) Once you have written approval, e-mail is fine, submit it along with the sign specs and applications, both Riverwalk and Eagle County, to the Office of the Community Manager at 137 Main St. C-107W, Edwards, CO 81632 along with the required Riverwalk payment of \$75 per sign. We can also send you an invoice for the fee, which you may pay electronically. To request an invoice, call 970-306-6161 or email cm@edwardsriverwalk. To drop off a check, confirm someone is in the office by calling or texting 970-306-6161
- 4) Send signed county application with payment to Eagle County.
